Subject: Modeling Inventories

Hi Greta,

I know your last day with the Department was yesterday, but I also did not know if the Department has a replacement modeler as of yet. If so, can you please pass this note along to the appropriate person or let me know who I should contact regarding the following.

I am currently working on a modeling analysis for a proposed facility in the Southeast corner of South Dakota. Our screening area for the impacts evaluation will most likely extend into Nebraska. I will therefore need NAAQS and increment inventories for the following six counties in Nebraska: Knox, Wayne, Thurston, Cedar, Dixon, and Dakota. Do you have data for these counties or can you recommend a way for me to get it.

Thanks,
Dave
