**Subject:** South Dakota Refinery project

Hi Kyrik,

I am the lead dispersion modeler for the Iowa Air Quality Bureau. Since the proposed refinery project is so close to Iowa, I have been asked to conduct a review of the PSD modeling associated with the project. Could you let me know once the modeling has been submitted?

I have been in contact with David Keen regarding the Iowa facilities to include in the dispersion modeling. Please let me know if you have any questions regarding the inventory.

Thank you, Lori Hanson
