Subject: Hyperion

Ms. Harmon,

I received your voicemail yesterday regarding the Hyperion applicability determination requests. The site for which we will be submitting a PSD permit application shortly is in Union County, South Dakota. There is only one facility. Site selection is still underway, and a different site could ultimately be selected, but we can deal with that circumstance if and when it arises.

I gather from your message that this request hasn't yet been assigned to anyone within EPA. We had hoped for a response within 30 days of receipt as provided by § 60.5(b). Do you have any estimate of when EPA might be able to respond?

Thank you for your help.
