

APPENDICES

CONTENTS

- Appendix A. Sampling Protocols
- Appendix B. Recommended Analytical Methods for Petroleum Products
- Appendix C. Standard Operating Procedures
 - SOP 1. Field Screening
 - SOP 2. Surface and Subsurface Soil Sampling
 - SOP 3. Monitoring Well Design and Installation
 - SOP 4. Monitoring Well Sampling
 - SOP 5. Monitoring Well and Test-Hole Abandonment
 - SOP 6. Quality Assurance/Quality Control Samples
 - SOP 7. Sample Preservation, Storage, Handling and Documentation
 - SOP 8. Sampling Equipment Decontamination
 - SOP 9. Drilling Methods
 - SOP 10. On-Site Staging and Storage of Contaminated Soil
 - SOP 11. General Air Sampling Guidelines
 - SOP 12. Air Permeability Test
 - SOP 13. In Situ Respiration Test
 - SOP 14. In-Situ Permeability Testing
- Appendix D. Health and Safety Procedures
- Appendix E. Directory of Pertinent Departments
- Appendix F. Additional Information Sources
- Appendix G. List of Acronyms
- Appendix H. Definitions
- Appendix I. Glossary
- Appendix J. Petroleum Release Compensation Fund
- Appendix K. Ground Water Quality Standards
- Appendix L. Remediation Criteria for Petroleum-Contaminated Soils
- Appendix M. Regulated Substance List & Reporting of Discharges
- Appendix N. Underground Storage Tanks
- Appendix O. Aboveground Stationary Storage Tanks
