MIRANDA L. MILLER NOTARY Seal PUBLIC STATE OF SOUTH DAKOTA

MY COMMISSION EXPIRES MAY 4, 2016

Miranda L Miller
Notary Public
3rd day of January 2011

4 I am a historic investigative researcher, and active in several Communities. I am extremely interested in the preservation of the history that we are so proud of. I actively try to keep what we have, and protect it, and our ancestors who gave us that which we so proudly display to the world.

5 Though the years the ground has shifted, also settled, and many artifacts even skeletal remains, and funerary objects i.e. caskets are not all where they were originally placed. The cemetery at Terry or what was Terry is all that's left of an important part of Black Hills history, most of the people buried there choose to stay where they carved out a town. They lived, fought, laughed, and Cried there. I say, let them rest in peace.

6 The land has historic, archaeological, cultural, and ethnologic significance. The evidence is written in our history books. Many cultures joined together, right or wrong to settle in the beautiful, and bountiful Black Hills. Last but no least it is morally wrong to desecrate any cemetery.
