Re: Spacing Request
Hills View Field
Sec. 25, T9S, R2E
Fall River, SD

Dear Mr. Townsend:

This is a request to have the following lands designated and named as the Hills View Field :

Sec. 25, T9S, R2E
NWSW $\frac{1}{4}$ 40 ac. m/l
NESW $\frac{1}{4}$ 40 ac. m/l
NWSE $\frac{1}{4}$ 40 ac. m/l

The minerals in the NWSW $\frac{1}{4}$ are owned by Kenneth and Verna Barker. The minerals in the NESW $\frac{1}{4}$ are owned by Kenneth and Verna Barker. The minerals in the NWSE $\frac{1}{4}$ are 100% USA.

The discovery well is the 11-25 Barker producing from the 2nd Leo sands and is an off-pattern location being 200' FEL of the quarter.

I request spacing of one well per 40 ac. of a spacing unit with all wells to be located not less than 1000' from the nearest well completed in or drilling to the pool and not closer than 500' from the boundary of the spacing unit for the pool.

The stratigraphic interval to be spaced is the 2nd Leo.

Enclosed is a plat of the three 40 ac. to be spaced.

Thank you,

Peter K. Roosevelt
