

APPLICATION INSTRUCTIONS TO FILE A VESTED RIGHT CLAIM

If you need assistance with your application, please contact Eric Gronlund at (605) 773-3352 or by email at eric.gronlund@state.sd.us or stop by our office in the lower level of the Foss Building, 523 E Capitol, Pierre SD. Please don't hesitate to ask for help! Additional information is available on the Water Rights Program website at <http://denr.sd.gov/wr>.

A completed application for a water permit must include the following information.

1. **FORM 2.** Application for irrigation in South Dakota.
The applicant must be the property owner of the irrigated land or be authorized by the property owner to submit the application on the property owner's behalf.
2. **MAP.** An aerial photo from the Farm Services Agency is acceptable. However, a map with more detail may be requested if needed. The map should be no smaller than 8"x11" and show:
 - a) The location of the diversion point (place where water is to be taken from) marked with an "X".
 - b) An outline of the lands to be irrigated and names/addresses of any owners other than the applicant.
 - c) A government section corner or quarter corner including a reference to section, township and range.
3. **FORM 2A.** One completed copy of Form 2A must be submitted with Form 2 if the diversion is from a well, dugout or storage dam.

If the diversion is from a well, please provide a copy of a well log if one is available.

If diversion is for a suburban housing development, trailer park, campground or any commercial use, complete the applicable portions of Form 2A regarding the wastewater disposal system.

Also, provide any supplemental plans or drawings for any storage reservoir. If the storage reservoir is 25 feet or more in height or impounds 50 acre-feet or more at the top of the dam, then the structure will need to comply with safety of dams requirements. Safety of dams requirements do not apply to structures if the height does not exceed 6 feet or if the storage capacity at the top of the dam does not exceed 15 acre-feet.

4. **FORM 2B.** Affidavit of Water Use (Supplemental to Form 2). This form will be used to establish a priority date for the vested right claim.
5. **FEE.** South Dakota statutes require a filing fee of \$50.00 for each application to file a vested right claim.

The forms, map, fee and any other information for filing a vested right claim should be submitted to:
Department of Environment and Natural Resources, Water Rights Program, 523 East Capitol Ave, Pierre, SD 57501-3182

6. **PUBLICATION.** Notice of an application must be published once in a daily newspaper and, in some cases, a weekly newspaper depending on the location of the proposed project. The publication notice will be sent to you and the newspaper(s) by the Water Rights Program. You will be responsible for contacting the newspaper(s) to authorize publication of the notice and to arrange for payment.
7. Upon satisfactory completion of the actions under items (1) through (6) and validation of the vested right claim, a water license will be issued. Issuance of a water license is the final action required to establish a vested water right.
