WATER RIGHTS PROGRAM

Everett Hoyt, Prehearing Chair
South Dakota Water Management Board

____(A) I wish to participate as a full party in this proceeding by presenting testimony subject to cross examination, offering exhibits, cross examining other witnesses, making and defending objections, addressing legal argument, and having the option to appeal to the courts if desired. I understand that if I am appearing on my own behalf, I do not need to be represented by a lawyer, but that all corporations, partnerships, nonprofit associations, and other legal entities must have a lawyer represent them if they participate as a party.

____(B) I wish to offer my sworn testimony at the beginning of the contested case hearing. I understand that due to the large number of parties, I may be limited to 10-15 minutes. I understand my testimony will be subject to cross examination and I will not have all of the rights nor obligations of a full party.

(C) I wish to rely on the petition that I submitted or signed. I do not wish to testify or participate as a full party in these proceedings.

Thank you for the mailings concerning uranium mining permits. I am elderly and cannot attend meetings so I do not need original texts. A friend keeps me up to date about the proceedings. I continue to be interested in preserving our environment but please take my name off of your mailing list.

Dear Mr. Erbele,

I am unable to attend the public meeting concerning the water permit application for Powertech (USA) Inc. but I would like to voice my concerns through this letter.

I am a rancher living southeast of Edgemont, SD and have two water wells in the Lakota formation. Both were drilled at great expense to 1300 feet and we are very dependant on these wells for livestock and household use.

What recourse would be available to an individual should our water supply be impacted by this operation by a Canadian Company? I feel that any dollar amount of a bond that this company would be required to obtain would be insufficient should something go wrong and the water supply in a large area such this would negatively affected.

I would like to go on record as being against this project.

_____(B) I wish to offer my sworn testimony at the beginning of the contested case hearing. I understand that due to the large number of parties, I may be limited to 10-15 minutes. I understand my testimony will be subject to cross examination and I will not have all of the rights nor obligations of a full party.

_____(C) I wish to rely on the petition that I submitted or signed. I do not wish to testify or participate as a full party in these proceedings.

(A) I wish to participate as a full party in this proceeding by presenting testimony subject to cross examination, offering exhibits, cross examining other witnesses, making and defending objections, addressing legal argument, and having the option to appeal to the courts if desired. I understand that if I am appearing on my own behalf, I do not need to be represented by a lawyer, but that all corporations, partnerships, nonprofit associations, and other legal entities must have a lawyer represent them if they participate as a party.

____ (B) I wish to offer my sworn testimony at the beginning of the contested case hearing. I understand that due to the large number of parties, I may be limited to 10-15 minutes. I understand my testimony will be subject to cross examination and I will not have all of the rights nor obligations of a full party.

____ (C) I wish to rely on the petition that I submitted or signed. I do not wish to testify or participate as a full party in these proceedings.

Dear Mr. Gronlund:

We are intervenors in the groundwater discharge plan application by Powertech, and are writing today to request that the public hearing before the Water Board be delayed until October 2013. This extra time is needed to review and study all of the documents relevant to this case. We want to be fully prepared for this very important hearing.

Thank you for your consideration in this matter.

WATER RIGHTS PROGRAM

Everett E Hoyt

Everett Hoyt, Prehearing Chair
South Dakota Water Management Board

____(A) I wish to participate as a full party in this proceeding by presenting testimony subject to cross examination, offering exhibits, cross examining other witnesses, making and defending objections, addressing legal argument, and having the option to appeal to the courts if desired. I understand that if I am appearing on my own behalf, I do not need to be represented by a lawyer, but that all corporations, partnerships, nonprofit associations, and other legal entities must have a lawyer represent them if they participate as a party.

X (B) I wish to offer my sworn testimony at the beginning of the contested case hearing. I understand that due to the large number of parties, I may be limited to 10-15 minutes. I understand my testimony will be subject to cross examination and I will not have all of the rights nor obligations of a full party.

____(C) I wish to rely on the petition that I submitted or signed. I do not wish to testify or participate as a full party in these proceedings.
