Members of the Water Board,

As an intervener in Powertech's waste water permit process I am writing to request that you reschedule the Water Board hearing at a later date (in October sometime). This will give us more time to prepare our comments and facts.

Thanks,

A handwritten signature in black ink, appearing to read 'Philip Heckman', with a long, sweeping horizontal line extending to the right.

Members of the Water Board,

As an intervener in Powertech's waste water permit process I am writing to request that you schedule the Water Board hearing on this subject in October 2013. There is too much information that needs to be researched and read to have these hearings earlier. Despite what Powertech officials say, the public has not known about the permit process until the public notices for comments came out in early January.

And I thank you for holding the hearings in the Black Hills.

Juli Ames-Curtis

A handwritten signature in cursive script that reads "Juli Ames-Curtis". The signature is written in black ink and is positioned below the typed name.
