To ERIC Hoyt.

South Dakota Water Management Board.

Dear Sirs,

I was at the 2-8-13 hearing
in Rapid City; for the matter of ground-
water or groundwater discharge plan of
Powertech USA.

I really think you should
postpone the hearing for Powertech
till Oct.

Some of us have to have time
to research. Although Powertech has
had years to plan for this
We have only 3rd months.

Please Consider This!!

Thank you.
