Re: Renewal of Inorganic Chemical (IOC) Waiver

Dear Water System Manager:

Your water system has an IOC waiver that expires on December 31, 2019. Enclosed you will find a form to renew your waiver. Please complete the form in its entirety and return it to me as soon as possible. When your renewal is approved, you will receive confirmation of this. By obtaining your IOC waiver renewal, you will monitor for the IOCs only once during the 2020-2028 compliance cycle. You will be scheduled to do this sample between 2020 and 2022.

ANY WATER SYSTEM THAT DOES NOT RENEW THEIR WAIVER MUST SAMPLE FOR THE IOCS ANNUALLY FOR SURFACE WATER ENTRY POINT AND EVERY THREE YEARS FOR GROUNDWATER ENTRY POINTS.

Nitrate and nitrite are not part of this sampling group. A waiver cannot be obtained for these chemicals.

If you have any questions on this matter, please contact me at the Drinking Water Program.

Sincerely,

Rob Kittay
Drinking Water Program

SOUTH DAKOTA DRINKING WATER PROGRAM

RENEWAL FOR WAIVER FOR INORGANIC CHEMICAL SAMPLING

A water system may be granted a waiver for each of the individual Inorganic Chemicals (IOCs). The renewed waiver will be in effect for the 2020-2028 compliance cycle. In order to qualify for the regulated IOC waiver, all samples taken by a system since January 1, 2011 must be less than 90% of the maximum contaminant levels (MCL). As a condition of the waiver, a system must sample once during the term of the waiver.

_____ water system requests a waiver for the following chemicals (Please check as appropriate):

- | | |
|------------------------------------|-----------------------------------|
| <input type="checkbox"/> Antimony | <input type="checkbox"/> Barium |
| <input type="checkbox"/> Beryllium | <input type="checkbox"/> Cadmium |
| <input type="checkbox"/> Chromium | <input type="checkbox"/> Fluoride |
| <input type="checkbox"/> Mercury | <input type="checkbox"/> Nickel |
| <input type="checkbox"/> Selenium | <input type="checkbox"/> Thallium |
| <input type="checkbox"/> Arsenic | |

We request the waiver to cover the following entry point(s) of water:

Entry Point Name	Year Built
_____	_____
_____	_____
_____	_____
_____	_____
_____	_____

You must supply copies of all IOC analyses done after January 1, 2011. All information supplied is true and correct.

Signature _____ Date _____

Title _____ Phone Number _____

Address _____ System EPA ID # _____

City, State, Zip _____

Email Address _____

Please submit to: Rob Kittay, SD Drinking Water Program, 523 E Capitol, Pierre SD 57501 or fax to 605-773-5286 or scan/email to rob.kittay@state.sd.us
