RE: Application for a Ground Water Discharge Plan filed by Powertech Uranium

Dear Mr. Hicks:

I am requesting that a contested case be initiated in the above matter and that I be admitted as an intervenor in the above application. I am concerned about this application because I am interested in water quality, land use, and wildlife in western South Dakota. I oppose this application.

I request that the deadline for filing petitions to initiate a contested case in this matter, currently scheduled for January 18, 2013, be extended until February 1, 2013, to allow full public participation, as the Notice was published during the holidays.

Please keep me informed of all proceedings and documents related to this application.

Thank you.

Sincerely,

RE: Application for a Ground Water Discharge Plan filed by Powertech Uranium

Dear Mr. Hicks:

I am requesting that a contested case be initiated in the above matter and that I be admitted as an intervenor in the above application. I am concerned about this application because I am interested in water quality, land use, and wildlife in western South Dakota. I oppose this application because I believe the proposed ground water discharge would harm wildlife, create runoff, and pollute the Cheyenne River, and I want the permit application to be denied.

I request that the deadline for filing petitions to initiate a contested case in this matter, currently scheduled for January 18, 2013, be extended until February 1, 2013, to allow full public participation, as the Notice was published during the holidays.

Please keep me informed of all proceedings and documents related to this application.

Thank you.

Mr. Hicks: We have spoken on the telephone regarding my concern over the danger of water depletion and irradiation not just in the Dewey area where uranium mining is planned but the quality of our water in general.

Thank you for any assistance you may lend in defeating this planned mining.
