INSTRUCTIONS			
Please <u>type or print in ink</u> all items. This form must be completed for each location containing underground storage tanks. If more than five (5) tanks are owned at this location, photocopy the following sheets, and staple continuation sheets to the form.			

GENERAL INFORMATION

Notification is required by Federal law as well as by the Administrative Rules of South Dakota (ARSD) Chapter 74:56:01:11, for all underground tanks that have been used to store regulated substances since January 1, 1974, that are in the ground as of May 8, 1986, or that are brought into use after May 8, 1986. The information requested is required by Section 9002 of the Resource Conservation and Recovery Act (RCRA), as amended.

The primary purpose of this notification program is to locate and evaluate underground tanks that store or have stored petroleum or hazardous substances. It is expected that the information you provide will be based on reasonably available records, or in the absence of such records, your knowledge, belief, or recollection.

Who Must Notify? Section 9002 of RCRA, as amended, requires that, unless exempted, owners of underground tanks that store regulated substances must notify designated State or local agencies of the existence of their tanks. Owner means--

(a) in the case of an underground storage tank in use on November 8, 1984, or brought into use after that date, any person who owns an underground storage tank used for storage, use, or dispensing of regulated substances, and

(b) in the case of any underground storage tank in use before November 8, 1984, but no longer in use on that date, any person who owned such tank immediately before discontinuation of its use.

What Tanks Are Included? Underground storage tank is defined as any one or combination of tanks that (1) is used to contain an accumulation of "regulated substances," and (2) whose volume (including connected underground piping) is 10% or more beneath the ground. Some examples are underground tanks storing: 1. gasoline, used oil or diesel fuel, and 2. industrial solvents, pesticides, herbicides or fumigants.

What Tanks Are Excluded? Tanks removed from the ground are not subject to notification. Other tanks excluded from notification are:

1. farm or residential tanks of 1100 gallons or less capacity used for storing motor fuel for noncommercial purposes;
2. tanks used for storing heating oil for consumptive use on the premises where stored;
3. septic tanks;

4. pipeline facilities (including gathering lines) regulated under the Natural Gas Pipeline Safety Act of 1968, or the Hazardous Liquid Pipeline Safety Act of 1979, or which is an intrastate pipeline facility regulated under State laws;
5. surface impoundments, pits, ponds, or lagoons;
6. storm water or waste water collection systems;
7. flow-through process tanks;
8. liquid traps or associated gathering lines directly related to oil or gas production and gathering operations;
9. storage tanks situated in an underground area (such as a basement, cellar, mineworking, drift, shaft, or tunnel) if the storage tank is situated upon or above the surface floor;
10. pipes connected to any tank which is exempt;
11. tanks used for storing pesticides regulated under the SD Codified Law Chapter 38-21, except those regulated pursuant to subtitle I of the Federal Hazardous and Solid Waste amendments of 1984.

What Substances Are Covered? This includes any substance defined as hazardous in Section 101 (14) of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (CERCLA), with the exception of those substances regulated as hazardous waste under Subtitle C of RCRA. It also includes petroleum, e.g., crude oil or any fraction thereof which is liquid at standard conditions of temperature and pressure (60 degrees Fahrenheit and 14.7 pounds per square inch absolute).

Where To Notify? Send completed forms to:

Ground Water Quality Program, Storage Tank Section
523 East Capitol, Pierre, SD 57501
Phone # (605) 773-3296

When To Notify? 1. Owners of underground storage tanks in use or that have been taken out of operation after January 1, 1974, but still in the ground, must notify by May 8, 1986. 2. Owners who bring underground storage tanks into use after May 8, 1986, must notify within 30 days of bringing the tanks into use.

Penalties: Any owner who knowingly fails to notify or submits false information shall be subject to a civil penalty not to exceed \$10,000 for each tank for which notification is not given or for which false information is submitted.

I. OWNERSHIP OF TANK(S)			II. LOCATION OF TANK(S)		
Owner Name (Corporation, Individual, Public Agency, or Other Entity)			If known, give the geographic location of tanks by degrees, minutes, and seconds. Examples Lat. 42, 36, 12 N Long. 85, 24, 17 W		
Street Address			Latitude _____ Longitude _____		(if same as Section I, mark box here) <input type="checkbox"/>
Street Address			Facility Name or Company Site Identifier, as applicable		
City			Street Address		
State			City		
Zip Code			State		
County			Zip Code		
Phone Number (include Area Code)			County		Phone Number (include Area Code)

Notification for Underground Storage Tanks

IX. DESCRIPTION OF UNDERGROUND STORAGE TANKS (Complete for each tank at this location.)

Tank Identification Number	Tank No.				
1. Status of Tank (mark only one)					
Currently In Use	<input type="checkbox"/>				
Temporarily Out of Use	<input type="checkbox"/>				
Permanently Out of Use	<input type="checkbox"/>				
2. Date of Installation (mo./year)					
3. Estimated Total Capacity (gallons)					
4. Material of Construction (mark all that apply)					
Asphalt Coated or Bare Steel	<input type="checkbox"/>				
Manufactured Cathodically Protected Steel (sti-P ₃ Tank)	<input type="checkbox"/>				
Field Installed Impressed Current	<input type="checkbox"/>				
Epoxy Coated Steel	<input type="checkbox"/>				
Composite (Steel with Fiberglass)	<input type="checkbox"/>				
Fiberglass Reinforced Plastic	<input type="checkbox"/>				
Lined Interior	<input type="checkbox"/>				
Double Walled	<input type="checkbox"/>				
Polyethylene Tank Jacket	<input type="checkbox"/>				
Concrete	<input type="checkbox"/>				
Excavation Liner	<input type="checkbox"/>				
Unknown	<input type="checkbox"/>				
Other, Please specify	_____	_____	_____	_____	_____
Has tank been repaired?	<input type="checkbox"/>				
5. Piping (Material) (mark all that apply)					
Bare Steel	<input type="checkbox"/>				
Galvanized Steel	<input type="checkbox"/>				
Fiberglass Reinforced Plastic	<input type="checkbox"/>				
Copper	<input type="checkbox"/>				
Cathodically Protected	<input type="checkbox"/>				
Double Walled	<input type="checkbox"/>				
Secondary Containment	<input type="checkbox"/>				
Unknown	<input type="checkbox"/>				
Other, Please Specify	_____	_____	_____	_____	_____
6. Piping (Type) (mark all that apply)					
Suction: no valve at tank	<input type="checkbox"/>				
Suction: valve at tank	<input type="checkbox"/>				
Pressure	<input type="checkbox"/>				
Gravity Feed	<input type="checkbox"/>				
Has piping been repaired?	<input type="checkbox"/>				

Notification for Underground Storage Tanks
