Stan and Lisa,

F3Gold has submitted the attached Exploration Notice of Intent to us. We have not received the paper copy yet but will most likely be considering this notice filed once it is received. Here is the application that has been submitted to us. Please begin your review period for this application as per SDCL 45-6C-10 and 11. As per SDCL 45-6C-14, please note the location of test holes provided in the application are considered confidential and should not be distributed.

The area covered under the EXNI is expansive and I strongly encourage you to attend the inspection for this site. At this moment it is scheduled to begin at 9-9:30 am MT on September 23, 2020. We have yet to determine a meeting location but I will get that information to you as soon as possible. Please let me know if you are available to make this inspection.

Thank you!

Roberta Hudson, P.E.
