The Prehearing Conference is intended only to address prehearing and scheduling issues with regard to Powertech (USA) Inc.'s ("Powertech") Application for a large scale mining permit. The Board of Minerals and Environment has jurisdiction to hear this matter pursuant to SDCL Chapter 45-6D and the below Administrative Rules. The Prehearing Conference will NOT address whether Powertech's Application will ultimately be granted or denied by the Board of Minerals and Environment. The Chair of the hearing may also grant or deny petitions to intervene at the Prehearing Conference.

DEPARTMENT OF ENVIRONMENT AND NATURAL RESOURCES

BOARD OF MINERALS AND ENVIRONMENT

IN THE MATTER OF POWERTECH (USA), INC. APPLICATION FOR LARGE SCALE MINING PERMIT (Dewey-Burdock Project)	))))	MOTION FOR PROCEDURAL AND SCHEDULING ORDER

The South Dakota Department of Environment and Natural Resources Minerals and Mining Program respectfully moves the Board's duly appointed hearing chairman, Rex Hagg, for entry of a procedural and scheduling order in the above captioned matter consistent with the terms of this motion.

In support of said motion, the Department submits the following:

1. Powertech (USA), Inc. ("Powertech"), has submitted an application to the Department for a large scale mine permit concerning Powertech's proposed uranium in situ leach mine and processing facility located near Edgemont, South Dakota.

2. On March 1, 2013, Richard Sweetman, Chair of the Board of Minerals and Environment, appointed Board member Rex Hagg to preside as the Hearing Chair in this matter.

3. On April 15, 2013, the Department recommended conditional approval of the permit application. Pursuant to ARSD 74:29:01:09, the final period to intervene in this matter expired on April 22, 2013. Currently over 100 parties have petitioned to intervene in the matter.

4. Hearing Chairman Hagg has scheduled a prehearing conference for Thursday, May 23, 2013, to consider this and any other motions that may be filed concerning this matter.

5. The Department states upon information and belief that many of the numerous persons who have filed petitions to intervene in this matter are interested in submitting comments to the Board, but are not interested in participating as a full party in any contested case proceeding held in this action. In previous contested matters heard before the Board, a public hearing prior to formal contested proceedings has been held to take public comment from interested parties. The Department believes that this process may assist in the orderly procedure of this matter. To that end, the Department believes that it would be proper to require that all petitioners make an election of their participation in this matter that conveys the petitioner's wishes to participate as a full party in the formal contested case proceedings, provide public comments only during a public hearing held at the initiation of formal contested proceedings, or rely on his or her written petition already on file with the Board. The Department would request that the proposed Election of Participation form attached to this motion be included as part of the Chair's Order entered on this motion.

6. The Department requests that parties be allowed to change their election option by filing said change in writing with the Department and serving a copy of the change on all parties. Further, the Department requests that all

changes of election must be made no later than twenty (20) days before the initial date scheduled for the contested hearing.

7. The Department requests that any party to the formal contested case proceeding who is a corporation, partnership, association, or other legal entity (including non-profit organizations) be required to be represented by an attorney.

8. The Department requests that any party who will be represented at the formal contested case proceeding by an attorney shall be required to have their attorney file a Notice of Appearance in this matter. Further, all non-resident counsel must be able to demonstrate compliance with the *pro hac vice* requirements of SDCL 16-18-2.

9. The Department requests that the following prehearing schedule be established and applied to all parties to the formal contested case proceeding:

a.) The Election of Participation form must be filed with the Department no later than June 14, 2013.

b.) Discovery requests must be initiated (served upon the applicable party) by July 3, 2013. Discovery may be sought regarding any matter that is relevant to a party's claim or defense. Discovery shall be limited to the extent that each party is permitted to serve on any other party no more than 25 written interrogatories, including discrete subparts, no more than 25 requests for production of documents, and that no more than 5 depositions may be taken by each party.

c.) Discovery must be completed no later than 45 days prior to the initial date scheduled for a contested case hearing.

d.) Each party must disclose in writing the names of all expert witnesses it intends to call as a witness at the contested case hearing no later than 45 days prior to the initial date scheduled for a contested case hearing. Each party must include in this submission copies of any *curricula vitae* as well as copies of any expert report prepared by the expert witness.

e.) Each party must disclose in writing, no later than 20 days before the initial date scheduled for the contested case hearing, the names of each witness the party intends to call during the hearing.

f.) Each party must provide to all other parties, no later than 20 days before the initial date scheduled for the contested case hearing, a list identifying all exhibits that party intends to offer as evidence in its case in chief at the hearing and copies of said exhibits. The copies may be provided by electronic means.

10. The Department requests that the Board include in its order a finding that for purposes of compliance with SDCL 45-6B-30, the contested case proceedings in this matter are to be deemed to have commenced with the granting of any written petition to intervene. The proceedings would thereafter be continued to allow for orderly discovery until the date set by the Board for the contested case hearing.

11. The Department requests that the Board include in its order the requirement that each party electing full participation at the contested case proceedings must mark in advance of the hearing all exhibits the party intends to introduce at the hearing in its case in chief. Each party shall be required to contact Mike Cepak, DENR Minerals and Mining Program, 605-773-3151, to obtain a block of exhibit numbers. The Department would request that numbers 1-99 be reserved for use by the Department, and that numbers 100-599 be reserved for Applicant Powertech.

12. The Department requests that the Board include in its order the requirement that each party electing full participation at the contested case proceedings must prepare and provide a sufficient number of copies of exhibits for use at the hearing as follows: 12 copies for use by the Board, its counsel, and court reporter, and sufficient copies for all Parties participating in the contested proceedings.

13. The Department requests that the Board include in its order the requirement that all original pleadings are to be sent by regular first class mail to Mike Cepak, DENR Minerals and Mining Program, Foss Building, 523 E. Capitol Avenue, Pierre, South Dakota 57501-3182. Parties shall also be required to serve copies of all pleadings on all other parties, including the Hearing Chair, and upon the Board's Counsel, Chief Deputy Attorney General Charles McGuigan.

14. The Department requests that any contested case hearing held in this matter proceed as follows:

a.) The holding of a public meeting to take sworn testimony from those parties that have chosen Option B on the Election of Participation form. Comments shall not exceed 15 minutes per person, and the Board may limit unduly repetitive testimony.

b.) After the completion of public testimony, the formal contested case proceeding will start and any preliminary motions from the parties will be heard.

c.) Full parties (including those who have elected Option A) may make opening statements.

d.) The order of presentation of witnesses and evidence for the contested proceedings shall be as follows:

i.) Applicant Powertech (USA) Inc.;

ii.) DENR Minerals and Mining Program;

iii.) other parties electing full participation (Option A) in an order established by the Hearing Chair;

iv.) rebuttal by Powertech and/or DENR;

v.) Board members may ask questions of any witness.

e.) After the record is closed, full parties (including those who have election Option A) may offer short closing arguments in the same order as noted above.

f.) At the conclusion of the proceedings, the Board may render a decision and direct the prevailing party to provide Findings of Fact and Conclusions

of Law consistent with the decision. Other full parties will be given an opportunity to file proposed Findings and Conclusions for the record. Alternatively, the Board may take the matter under advisement until its next board meeting.

15. A draft Order and proposed Election Participation Form is attached to this motion for the Chair's consideration.

16. All persons who filed petitions to intervene in the mine permit application have been provided copies of this motion, except to the extent that the petitioners' names and/or addresses were illegible and not available in routine directory information.

TO: All Persons who filed Petitions to Intervene in the above captioned matter:

You filed or signed a petition or sent comments to the Department of Environment and Natural Resources regarding the Powertech large scale mine permit application currently pending before the Board of Minerals and Environment. To clarify your intent, you must elect: A) to participate as a full party in the formal contested case proceeding, including presenting testimony subject to cross examination, offering exhibits, cross examining other witnesses, making and defending objections, addressing legal argument, and having the option to appeal to the courts if desired; or B) provide sworn testimony only during the public comment period of the contested case proceeding subject to cross examination by the parties and questioning by the Board; or C) rely on the information you may have already filed with the Department. Election of options B or C will waive some of the rights, and relieve you of some of the obligations, you have if you participate as a full party under Option A.

YOU MUST RETURN THIS FORM TO MIKE CEPAK, DENR MINERALS AND MINING PROGRAM, ON OR BEFORE JUNE 14, 2013.

FAILURE TO COMPLETE AND RETURN THIS WILL BE CONSTRUED AS AN ELECTION TO PROCEED UNDER OPTION B. A PERSON MAY CHANGE THEIR PARTICIPATION STATUS AS PROVIDED IN THE BOARD'S PROCEDURAL ORDER.

****

_____ (A) I wish to participate as a full party in this proceeding by presenting testimony subject to cross examination, offering exhibits, cross examining other witnesses, making and defending objections, addressing legal argument, and having the option to appeal to the courts if desired. I understand that if I am appearing on my own behalf, I do not need to be represented by a lawyer, but that all corporations, partnerships, nonprofit associations, and other legal entities must have a lawyer represent them if they participate as a party.

_____ (B) I wish to offer my sworn testimony at the beginning of the contested case hearing. I understand that due to the large number of parties, I may be limited to 10-15 minutes. I understand my testimony will be subject to cross examination and I will not have all the rights nor obligations of a full party.

_____ (C) I wish to rely on the petition or any other comments I have already submitted to the Department. I do not wish to testify or participate as a full party in these proceedings.
