Gov. Daugaard Announces \$1.475 Million for Mobridge Wastewater Project

MOBRIDGE, S.D. – Gov. Dennis Daugaard says the state Board of Water and Natural Resources has approved a \$1.475 million Clean Water State Revolving Fund Program loan to Mobridge for wastewater treatment improvements.

The funding will be administered through the Department of Environment and Natural Resources.

“I am pleased to announce that Mobridge will receive this assistance,” said Gov. Daugaard. “This funding will help make necessary improvements to the city’s wastewater treatment facility.”

The project will construct a new primary clarifier, rehabilitate the existing primary clarifier, install a bio-filter pump station and install an ultraviolet disinfection system and disinfection basin drain.

The total estimated cost of the project is \$2.69 million. Loan terms are 3 percent for 20 years.

The Clean Water State Revolving Fund Program provides low-interest loans for wastewater, storm water and nonpoint source projects.

The board met today over the Digital Dakota Network.
