## **DENR Announces \$440,000 Loan for Northdale Sanitary District Sewer Line Relocation**

PIERRE, S.D. – Today, the South Dakota Department of Environment and Natural Resources (DENR) announced the Board of Water and Natural Resources has approved a \$440,000 Consolidated Water Facilities Construction Program loan for Northdale Sanitary District to relocate a sewer line.

The loan will be administered through the Department of Environment and Natural Resources. Loan terms are 2 percent for 20 years.

The Northdale Sanitary District plans on rerouting a sanitary sewer line located along E. Daisy Drive in the Hideaway Hills Subdivision. This line is compromised due to historic gypsum mining activity in the area. The project will ensure the wastewater infrastructure remains safe and reliable for the residents it serves.

The loan will cover the estimated project cost.

The Consolidated Water Facilities Construction Program, funded in part by revenues from the Petroleum Release Compensation Tank Inspection fee and the sale of lotto tickets, provides grants and loans for water, wastewater, and watershed projects.

The board met today via remote video connection.
